## **About the Aggie Real Estate Network**

Since its inception, the Organization has been working to educate, promote and support commercial real estate professionals in their effort to become industry leaders. We seek to do this by creating peer networking opportunities, providing scholarships to students and supporting the real estate programs at Texas A&M University. Over the past three years alone, the Organization has contributed more than \$125,000 to scholarships and endowments that directly impact students and faculty of Texas A&M University. Your generous sponsorships allow us to continue these contributions.
